WORK WITH THE #1 RATED TAMPA MORTGAGE BROKER ON GOOGLE!

WE HAVE A SIMPLE MISSION.

The Orlicki Group is inspiring much needed change in residential financing. Our focus is on relationships, which often get overlooked in this industry. We provide a tailored experience that gives our clients and partners the knowledge, attention, and energy they deserve. It's an honor to be a part of life's most important financial decisions.

"Working with the Oliver and the Orlicki Group was a comfortable process from start to finish. He took the time to get to know us, understand our objectives, find options to meet our needs and ultimately go above and beyond during the final stages to ensure the loan funded and closed on time. Not only would we recommend that our friends and family work with Oliver, he would be one of our first calls if we are ever in the market for financing a new home in the future. Thankful to have worked with a true professional who guided us through the process with a steady hand." - Ryan W.

"Met Oliver and his team just less than 30 days ago when we were referred to him by the sellers agent on a property in Tampa Florida. From the jump, Oliver was there. He took a handful of time out of many of his days to help me ensure a smooth closing. When an issue had arisen, Oliver was quick to help me gather what was needed and gave me the right guidance. As a realtor, I've partaken in a handful of closings with lenders who can cause more problems than good. The Orlicki Group is the opposite- knowledgeable, quick, and communicate, you'll be nothing but pleased! If you ever in need of a home loan or refinance, don't hesitate to call Oliver!" - Brett K.
